NORTHLAND NETWORKS

Advantages to You

THE NETWORK ADVANTAGE

Northland's *Loan Placement Network* is designed to assist Community Banks:

- Face the challenges of consolidation within the banking industry
- Satisfy customers' growing credit needs that exceed lending limits, while maintaining the relationship
- Increase efficiency by reducing loan origination and administration costs
- Diversify and minimize credit risk and exposure by industry and region
- Maintain asset quality and enhance portfolio yield
- Increase access to a broader capital market
- Supplement periods of limited local loan demand

HOW IT WORKS

The *Network* is a unique partnership between Northland and Community Banks. Member Banks receive regular notification, and detailed information upon request, on available commercial loans. After sufficient due diligence and independent credit qualification, Member Banks select the loans and participation amounts that match their needs.

The loans offered are underwritten and structured by seasoned professionals who understand bank credit analysis and risk assessment. Each loan is presented to the Northland Debt Review Committee before it can be offered to the Member Banks.

THE MEMBER BANKS EXPECT AND APPRECIATE:

- Northland keeps abreast of the bank credit market and structures loan products to fit market parameters
- A selection of floating, variable and fixed-rate loans are offered to assist them in their asset-liability management
- The *Offering Book* for each loan transaction provides information, analysis, and support documents necessary for the Member Banks to complete their own independent review of the loan transaction and to make an informed credit decision
- Northland's Investment Executives are knowledgeable in the area of offering commercial loans to financial institutions and take the time to understand the *Internal Investment Guidelines* of each Member Bank
- Northland works with highly competent and professional legal counsel, along with the Lead Lender, to carefully document each loan transaction
- For each loan, the Member Bank, as a participant, receives its own complete loan/credit file, including closing documents
