Northland Networks has recently closed a health care first mortgage loan. The financing was for an Outpatient Behavioral Health Facility in West Palm Beach, Florida.

Despite economic volatility and rising Interest Rates, Northland Networks continues to be successful in closing health care financing deals. We partner with quality borrowers that have strong guarantees and are well collateralized and with over 500 community banks across the country looking to provide capital for new construction projects, acquisitions, or refinancing of existing facilities. This makes working with Northland a smart choice for any lender or borrower looking for opportunities within the health care facility financing space.
